Hello, patient!

It's been awhile, we hope that all is well.

We are emailing to tell you about a great new treatment we've been doing called **Nutrition Response Testing**, which helps greatly with a lot of health problems! We test you for many things such as food allergies, toxic chemicals & metals in your body, immune challenges and nutritional deficiencies that are affecting your organs. It's a great way for you to find out, like so many others, how you can be helped where you might not have been able to be helped before.

We wanted to invite you to our office for a courtesy **Nutrition Response Testing** evaluation, normally $100, to see how you're doing. This free offer is good for only 2 weeks so if you are interested in this special evaluation, be sure to schedule in by 2 weeks from the receipt of this letter.

If you would like to pass this offer to a friend, we would be happy to extend the courtesy evaluation offer to them as well, also good for 2 weeks.

Also, you can learn more about **Nutrition Response Testing** at our website-KGCHIRO.com. Click on the 'Nutrition Response Testing' tab at the top of the homepage. And if you would like to attend one of our 'Nutrition Response Testing' or 'Healthy Eating' workshops, click on the 'Seminars' tab for information and the dates.

And if you have any questions at all, call Dr. Arlene Kahn, our Patient Advocate, at 845-354-2100.

We look forward to seeing you soon and letting you know what we find & how we may be able to help you.

Yours in health,

Eric Goldman, DC

Arlene Kahn, DC
Patient Advocate

PS- This offer also includes our **Heart Rate Variability Test**, a computer based test that shows us your fitness level and how your body deals with stress, at no extra charge!
