

Welcome to Powell Chiropractic Clinic's Health and Wellness program

*We are honored that you have chosen us
to help you in the overall improvement of your health!*

Dr. Robert Powell is a Board Certified Naturopath and the Director of the Health and Wellness Department. The purpose of consultation-evaluation appointment is to determine your primary nutritional needs and your personal goals. Additional testing may be recommended to help determine any underlying dysfunction you may be experiencing.

It is important that you are punctual for your appointments, and that any and all paperwork is completed before your scheduled appointment time to prevent unnecessary waiting for you and others. Typically, you will be here for one hour on the initial visit which includes a pre-screening appointment and consultation. As a courtesy to other scheduled patients, we make every effort not to exceed the scheduled time. Interim office visits are an average of 15-20 minutes.

In the event additional time is needed you will be scheduled for another visit. If you need to cancel an appointment please do so within 24-hours. If you have any questions or concerns, please ask for our Health and Wellness Department specifically, and you will have an answer with in a timely manner.

You can fill out the Toxicity Questionnaire and the Systems Survey either online or download it and bring it with you to your first appointment. This will give us an idea of your needs and how we may be able to help.

Again, welcome and *thank you* for having confidence in us, we will do our very best to see that your health care goals are met.
