Additional ingredients \$25 each.

## IV Ingredients Menu

### **Ascorbic Acid (Vitamin C): 1,000mg**

Necessary for growth and repair of all tissues by forming collagen. Aids in iron absorption. Enhances function of immune system. Maintains integrity of bones, cartilage and teeth. Necessary for wound healing. Forms important proteins to build blood vessels, skin, and tendons.

### **B Complex: Contains B1, B2, B3, B5, B6**

B vitamins are important for cell function. They help the body convert food into fuel, this results in more energy and better metabolism. Maintains healthy cells, therefore body tissues. Also great for digestion, skin, and nerves. B vitamins are usually the first to deplete when dehydrated, great for hangovers.

### **B7 Biotin: 25mg**

Improves keratin for healthier Hair, skin and nails. Breaks down fat and carbs, increasing metabolism.

### **Carnitine: 1,000mg**

Potent fat burner, enhances athletic recovery, huge energy boost.

### **Glutamine: 30mg**

Vital for GI health, promotes glucose uptake after workouts. May curb sugar cravings. Reduces lactic acid buildup with exercise, aids in muscle recovery.

### **Lysine: 100mg**

Essential amino acid, important for muscle growth. Protects against and treats cold sores. May block stress receptors, supports healthy bones with improved calcium absorption, helps form collagen for skin health/ wound healing.

### **Magnesium: 1,000mg**

Assists in protein synthesis, controlling blood sugar. Aids to regulate and lower blood pressure. Helps with stress management, and muscle spasm relief. Used to prevent and relieve active migraines. Improves relaxation and sleep.

### **NAC (N-Acetyl-Cystine) 400mg**

Precursor to glutathione, guards against oxidative stress. Improves brain function, insulin resistance and immune function. Vital for respiratory health.

### **Taurine: 50mg**

Amino acid with antioxidant properties. Good for cardiovascular health, athletic performance and muscle recovery. Can improve mental clarity and acuity and overall mental performance.
