## Consent To Release Information

Here at this office, we do not sell or release your information to third parties. There will be cases along the course of your care where information will need to be released in certain circumstances. You authorize this office to release to employer groups, government agencies (Medicare, Medicaid, Champus, State or Federal government, etc.), insurance companies, or other third-party payers and their agents, and its collection representatives and attorneys, the following "Patient Information": medical history, diagnosis and procedures performed, course of treatment, plan of care, prognosis, supplies and/or such other information that may be requested for the purpose of determining eligibility and availability of Patient's benefits, obtaining authorization/payment for Patient's health care services, or billing and collection of amounts due to this office for services rendered. In the case of Patient Information released for purposes of payment of Patient Charges, this authorization shall be valid only for the period of time necessary to process payment claims. You agree to pay any Patient Charges that are denied or are ineligible for medical reimbursement benefits as a result of your refusal or revocation of consent to disclose Patient Information.

You further authorize any individual health care professional, including treating physician(s), to provide this office or its designee with Patient Information for quality assurance and, or risk management purposes. Finally, in the event that the Patient's employer, or an insurance company representing such employer, requests Patient Information relating to healthcare services provided for worker's compensation injuries, it is understood and agreed that this office is required, under state law, to release copies of such information to such employer or insurance company without the authorization of Patient or Patient's representative. Again, here at this office, we strive to provide you with the best care possible and in order to do that this consent is necessary.

# AGREEMENTS and AUTHORIZATION

## Consent To Health Care Services/Release of Health Care Information

You, (the undersigned Patient, or undersigned person responsible for consenting on Patient's behalf), hereby request and consent to Patient health care services from this office. The Patient health care services will be provided by and overseen by licensed, treating physicians. Health care services will also be provided by non-physician health care professionals and assistants employed or otherwise retained by this office. Medical, nursing, and other health care personnel who are in training may also participate in the Patient's care as part of their education.

\_\_\_\_\_ initial

## Payment Guarantee

In consideration of the services provided by this office, Provider to Patient, you agree to; I) guarantee payment of all charges incurred by Patient in connection with such services ("Patient Charges"); II) irrevocably assign and transfer to this office, all right, title and interest to medical reimbursement benefits to which Patient is entitled for the purpose of payment of Patient Charges; and III) authorize payment of such benefits directly to this office. You also agree to be fully responsible for the payment of any and all Patient Charges to the extent that these charges are not satisfied by the assigned benefits.

\_\_\_\_\_ initial

## Notice of Non-Coverage

If you have insurance, insurance companies will only pay what is covered in each individual's insurance policy. Your insurance does not pay for all of your healthcare costs, specifically as it relates to treatment in a chiropractic office. Your insurance policy will only cover services that it deems are "Medically Necessary" according to their specific guidelines. When you receive a service or item that your insurance policy does not cover, then you are personally responsible for the non-covered services at the time they were rendered (unless prior arrangements have been made). Specifically, your insurance policy will not allow payment for the following non-covered services and you will have to pay out-of-pocket the normal fee as listed below because they are routinely deemed not-medically necessary according to insurance guidelines: maintenance/wellness chiropractic care, nutritional supplements, therapeutic modalities used for maintenance, massage and any service beyond your benefit plan visit limitations or services that are excluded from the benefit plan.

\_\_\_\_\_ initial

## Patient Right To Restrict Disclosure of Protected Health Information (PHI)

For any service in which you pay for 100% out-of-pocket, you have a right to restrict the disclosure of that healthcare information for that particular service to any health insurance entity. This is according to your HIPAA privacy rights established under the American Recovery and Reinvestment Act (ARRA) of 2009. For services that are non-covered under your insurance plan and that you pay for in-full out-of-pocket, you understand and request that this office does not bill for any of these non-covered services or items on my behalf and that you wish to restrict the disclosure of PHI of these services from your insurance company.

## Responsibility For Personal Property

You accept sole responsibility for all Patient property, except for property expressly accepted by this office for safekeeping under its sole care and custody.
