

## GREEN TEA CLEANSER

Green Tea Cleanser will leave the skin clean, soothed and moisturized. Studies show that green tea is effective in the prevention and treatment of abnormal skin conditions, such as acne, psoriasis and eczema. Green tea's anti-oxidant power protects the skin from environmental factors and free radicals that lead to premature aging of the skin. Combined in this superior wash are gentle emollients, vitamins, antibacterial properties, hydrators, and anti-inflammatory and UV protectors. This wash is for all skin types for balanced protection on a daily basis. Green Tea Cleanser will:

- Gently cleanse the skin while removing make-up and environmental buildup
- Assist in the prevention of skin cancer
- Help treat acne, psoriasis and eczema

This product was developed for all skin types and is free from parabens, urea, sulfates, artificial colorants and perfumes. No toxic ingredients were used in producing this product.

**Suggested Use:** Apply a light film over the face and neck. Using the fingertips gently work into pores. Rinse with warm water. Keep out of eyes.
