I understand and agree that health and accident policies are an arrangement between an insurance carrier and myself. Furthermore, I understand that Parent Chiropractic Center will prepare any necessary reports and forms to assist me in making collection from the insurance company and that any amount authorized to be paid directly to Parent Chiropractic Center will be credited to my account upon receipt. However, I understand and agree that all services rendered to my child are charged directly to me and that I am personally responsible for payment. I also understand that if I suspend or terminate their care and treatment, any fees for professional services rendered to them will be immediately due and payable.

Parent Chiropractic Center requires a credit card to be kept on file in the event your child's account has an outstanding balance in excess of 90 days. In the event that this should happen, we will process a payment for the outstanding balance on the account with the credit card listed below.

TERMS OF ACCEPTANCE

When a patient seeks chiropractic health care and we accept a patient for such care, it is essential for both to be working towards the same objective. Chiropractic has only one goal. It is important that each patient understand both the objective and the method that will be used to attain it. This will prevent any confusion or disappointment.

Adjustment: An adjustment is the specific application of forces to facilitate the body's correction of vertebral subluxation. Our chiropractic method of correction is by specific adjustments of the spine.

Health: A state of optimal physical, mental and social well-being, not merely the absence of disease or infirmity.

Vertebral Subluxation: A misalignment of one or more of the 24 vertebra in the spinal column which causes alteration of nerve function and interference to the transmission of mental impulses, resulting in a lessening of the body's innate ability to express its maximum health potential.

We do not offer to diagnose or treat any disease. We only offer to diagnose either vertebral subluxations or neuro-musculoskeletal conditions. However, if during the course of chiropractic spinal examination, we encounter non-chiropractic or unusual findings, we will advise you. If you desire advice, diagnosis or treatment for those findings, we will recommend that you seek the services of another health care provider. Regardless of what the disease is called, we do not offer to treat it. Nor do we offer advice regarding treatment prescribed by others. **OUR ONLY PRACTICE OBJECTIVE** is to eliminate a major interference to the expression of the body's innate wisdom. Our only method is specific adjusting to correct vertebral subluxations. However, we may use other procedures to help your body hold the adjustments.

Consent to evaluate and adjust a minor child:

I, _____being the parent or legal guardian of _____ have read and fully understand the above terms of acceptance and hereby grant permission for my child to receive chiropractic care. I understand I am responsible for any/all financial obligations on my child's account including any outstanding balances.

Pregnancy Release (to be filled out if child is having x-rays)
This is to certify that to the best of my knowledge my child is not pregnant and the above doctor has my permission to perform an x-ray evaluation. I have been advised thatx-rays can be hazardous to an unborn child.
Signature: _____ Date of last menstrual period: _____

I have read and fully understand the above statements and accept chiropractic care on this basis.

Billing, Insurance and Financial Policies

At Parent Chiropractic Center we are committed to providing you and your family with the best chiropractic care possible in a caring environment, and have established our financial and health insurance policies to achieve that goal. You will be expected to pay for your chiropractic care at the time the service is rendered

Health Insurance: We accept and participate in many plans. Our office is happy to file insurance for you, however, it is important to know that all insurance companies state the disclaimer: "**VERIFICATION IS NOT A GUARANTEE OF PAYMENT**." We verify insurance as a courtesy; this is not a guarantee of benefits. We ask that you contact your insurance company to verify your chiropractic coverage as well. It is your responsibility to thoroughly understand your insurance benefits. You are ultimately responsible for any co-payments, deductibles, and portion of care that is not covered by your health insurance. We strongly advise you to maintain contact with your insurer in order to confirm coverage and benefits. This will help to prevent problems with billing and reimbursement. Should your insurance coverage change, it is your responsibility to inform us immediately. You will be responsible for any balance due that insurance does not pay for.

Medicare patients – we are providers for Medicare, however, Medicare does not cover the initial exam, x-rays, or scans for Medicare patients. These fees are the responsibility of the patient. Please call our office for rates and we will be happy to help you with any questions you may have.

Past Due Accounts - We make every effort to avoid using a collection agency to settle an account. However, in the event that an account is over 90 days past due, and all attempts to collect the debt have gone unanswered, you will be responsible for the outstanding amount due in addition to any fees that the collection agency charges to collect the outstanding debt. There is a $35.00 fee in the event of a returned check from the bank due to insufficient funds.

Release of Medical Records – I give permission for Dr. Parent to request medical information from other medical facilities that may help the doctor to accurately assess and treat my child's condition(s).

HIPPA / Privacy Practices – I acknowledge that I have been given the opportunity to view the notice of privacy practices (HIPPA) and have been provided an opportunity to discuss my right to privacy. Our office will use e-mail to inform you of any changes in our office hours, closings, education etc. In the event of a missed appointment, we will call the phone number provided to us.

I have read and understand each of the above mentioned office policies:
