

Notice of Privacy Practice Summary

This summary discloses how health information about you may be used. A full notice of your privacy rights is also available for review in our office.

Our Pledge Regarding Medical Information

The privacy of your medical information is important to us. We understand that your medical information is personal and we are committed to protecting it. Parent Chiropractic Center uses health information about you for treatment, to obtain payment for treatment with your authorization as required (check your state laws), for administrative purposes and to evaluate the quality of care that you receive.

Disclosure of Medical Information

In addition to disclosing your medical information for treatment, payment, and health care operations, we may disclose medical information for the following purposes: for a court order, subpoena, discovery request, or other lawful process. We may disclose medical information to appropriate authorities if we reasonably believe that you are a victim of abuse, neglect, or domestic violence or the possible victim of other crimes. We may disclose health information when authorized and necessary to comply with laws relating to worker's compensation, auto accidents, personal injury or other similar issues. Parent Chiropractic Center may use your information to provide appointment reminders and information about alternatives or other health-related issues.

Your Rights

You have the right to view at or receive copies of your medical records and to receive a list of all the times we have shared your medical information for purposes other than treatment, payment and health care operations.

Open Adjusting Concept

Because of the open adjusting concept in this office, it is possible for doctor/patient discussions to be overheard by other patients. Most discussions will involve spinal health, but may also include anything concerning the primary health care of that patient. Please notify our office if you wish to speak to the doctor privately.

Complaints

If you feel your rights have been violated, please contact our Office Manager, Kelly Spitalere or the Department of Health and Human Services.
