Consent for Examination

Today's appointment will include a **Consultation** and **Examination** with one of the doctors. The purpose of this examination is to determine the cause of any health problems that you may be experiencing. We will then determine the best course of treatment for your individual case. The examination may include but not be limited to a postural assessment, range of motion testing of various areas of your spine and extremities, various orthopedic and neurological tests, and a chiropractic spinal exam. The chiropractic examination is a "hands-on" approach so that we can best assess your health. The examination may also include a computerized CoreScore scan, a gait scan analysis, as well as necessary x-rays if indicated.

Congratulations again on seeking chiropractic care!
