

Free Health Talks

As part of our **Spring Wellness Campaign**

Would you like to find out more about chiropractic care and our vision of health? Why not register for a health talk? Dr. Glenn will discuss how we can achieve optimal health through chiropractic care and explain what to expect if you decide to become a practice member at Shrewsbury Family Chiropractic. It is also an ideal opportunity to ask any questions that you might have. These sessions are free and there is absolutely no obligation to book an appointment.

The health talks take place on **Monday evenings at 6:30pm** in our office. Each session lasts approximately an hour.

Call us on **01734 588 190** or email us at info@shrewsburyfamilychiropractic.com to book your place.

Glenn Fredericksen
United Chiropractic Association Chiropractor of the Year
