

Fusion Massage

June Special

In this **results-oriented** sixty minute massage the therapist incorporates massage and bodywork with the assistance of the **Theragun**. The unique combined percussion/vibration design of the Theragun has several benefits including: **promotes relief of muscular tension and soreness, facilitates ease in movement and function of soft tissues, supports improved blood flow, and is very relaxing.** While the Theragun does not replace the therapist's hands, it optimizes the session with efficiency and ease.

**Fusion Massage with Theragun
60 Minutes \$75**

Normally \$90
