BEMER is used by Medical Professionals

Stephen Weiss M.D.

Private Practice in Integrative Medicine, Santa Fe, NM, Board Certified Family Physician
"BEMER has been a true blessing in my life. I've been using BEMER every day since 2014 and I am continually amazed by its many health benefits, ease of use and safety."

Dr. Stephen Chan, DMD, BS, CFT.

Functional Whole-body Dentist, Elite masters sprinter
BEMER helps me recover from frequent muscle stress due to the explosive demands of the sport on an older body. It only takes half the time to recover and enable me to train and compete again.* Professionally, I use it on my patients for so many benefits in terms of healing and post op management.

Elizabeth Pearl, MPT

CEO & Owner Pearl Physical Therapy, 20+ years of clinical practice as a PT
As a PT and lifelong athlete, I'm always looking for optimal ways to support the best performance of the mind and body. BEMER has been that answer for me as it allows my aging body to feel and function better than it has in years.* Integrating BEMER into my daily routine has been a game changer for me and my clinical practice. BEMER allows individuals to access great self care at home daily and support peak performance of their own mind and body.

Doug DiOrio, MD

Sports Medicine and Family Medicine
I have had great success in improving my performance and recovery for all of my workouts. I have seen this in all levels of athletes that I take care of as well. I am sleeping better and have more energy every day.*

Dr. Jonathan Lazar, D.C.

Upper Cervical Chiropractor; Clinic Owner, Professor, Author and Radio Show host
BEMER has helped me offer a higher level of care and better results to my patients. We've seen patients have incredible turnarounds when they combine our care with the benefits of in-home, lifestyle support from BEMER. It has also given me a chance to build a business where I can help people get the care they need at home in a season when people were required to stay home.

Dr. Kevin Shaw ND, EAMP

Triple board certified in Naturopathic Medicine, Chinese Medicine and Acupuncture.
Even after 7 years of using BEMER therapy I have been pleasantly surprised to see further benefits in energy and exercise recovery. Thanks to BEMER I'm in better shape now than I was 15 years ago. The restorative sleep I have using the BEMER sleep program allows me to run a busy clinic and keep helping others.* I enjoy seeing improved overall health and function in my patients by safely supporting their circulation with BEMER therapy.

Judson S. Millhon MD, FACC

Cardiovascular Disease and Interventional Cardiology Specialist
As a cardiologist, I know the importance of a healthy circulation. The patented BEMER signal increases vasomotion within the arterioles which propels the blood into the capillaries. This vascular network delivers oxygen and nutrients to our cells. The signal also increases the elimination of metabolic waste. Thus, BEMER assists in maintaining healthy organs in our body.
