Insurance Programs

Copay Program

Monthly payment equal to 3 times your regular copay

(Ex. If you have a \$25 copay with 12 visits allowed per year then you would pay \$75/month until care is completed or 12 visit limit is reached.)

Deductible Program

20% of the deductible as a down payment, then the remaining balance of the deductible would be auto-debited over the next 11 months or until the patient's current balance is reached.

(Ex. \$1000 deductible = \$200 down then \$72.50 per month until deductible is met or balance is paid.)
