Dear Dr. Starkman,

I'm writing you on behalf of my colleagues at Beanstalk Miami to express our gratitude for the Wellness Workshop performed by Oasis Chiropractic Center at our offices.

The Oasis Relaxation Station was a hit! Among all the services provided, Brain Spa and the postural and functional tests were mainly appreciated. We all left the sessions more relaxed than ever. The team's knowledge and expertise was invaluable when discussing how stress may be affecting our health and productivity. It was also beneficial to view each individual's energetic balance through the Digital Meridian Imaging system. Kudos to your team for such a dynamic session!

Due to the nature of our business, we spend 8+ hours daily at our desks, on the computer. We're looking forward to your ergonomic evaluations to help ease workplace comfort and possibly reduce stress.

Thanks again for helping us reboot our minds!

Sincerely,

Delmarys
