TAKES CARE OF BUSINESS FOR YOU

We are looking for somebody special, who loves their patients and understands the mechanics of business, who has the ability to operate the clinical side of the practice and is willing to train, coach and mentor the clinical team of chiropractors and chiropractic assistants—without having to focus on the business aspect!

If you are ready to launch to the next level of your career, where you serving your community with profound service, while simultaneously supporting, coaching and mentoring other practitioners within the team to achieve similar results—all the while being rewarded by excellent remuneration—then this opportunity is for you!

This exciting opportunity for which you will be rewarded significantly, means you will be adaptable to additional roles of supporting the current DC and CA team through training, coaching and mentoring, so that you can grow the members of our amazing team as a precursor to operating and running your own practice independently, or to be a part of the leadership team of our practice with the potential of an ownership opportunity.

This unique opportunity comes with its own level of mentoring, to support you in the growth of the practice and your role within it.

Ultimately, what we're looking for is a person who has the capacity to manage the practitioners and support team with the assistance and support of management without the need to necessarily run the business as that will be taken care of for you.

Send your CV with a cover letter to [marcus@provolutionhealth.com.au](mailto:marcus@provolutionhealth.com.au) explaining why you want to learn how to grow and operate a successful practice. Also, detail why you love chiropractic and any unique attributes that highlight why you should be accepted into this professional mentoring and practice mastery opportunity.
