Farewell from Dr. Scott

Dear Trillium Chiropractic Family,

I am writing to you with some exciting changes at Trillium Chiropractic. Effective February 1st, Dr. Katelyn Hummel will be taking over all of the patient treatment here at Trillium. It has been a pleasure and an honor to provide healthcare to so many wonderful families over the past 5 years. Dr. Katelyn is an incredibly skilled and caring Doctor and I know that you all are in great hands. It is with greatest confidence that I leave you in Dr. Katelyn's care. Her skill and education are second to none in our great profession.

I would like to thank you all for trusting me to be part of the healthcare team for your family, friends and co-workers over these many years. I encourage you to extend that same relationship with Dr. Katelyn.

*Warmest regards,
Dr. Scott Walter*

Thank You

Note from Dr. Katelyn

***I feel so blessed to serve the
Maple Grove community!***

Trillium Family,

It has been an absolute pleasure and honor getting to know all of you fabulous patients over the last couple months. I am also truly blessed to have gotten to know Dr. Scott though the transition and look forward to continue caring for all his wonderful patients moving forward. Thanks again for being so kind and welcoming throughout this short time and I am excited to help all of you meet your health goals for 2021!

If you have any questions or concerns, please do not hesitate to reach out, as I want this transition to go just as smooth for you as well.

Get Involved at Trillium

- **Patient of The Month**
- **The Jar of Awesome**

In Health,

Dr. Katelyn Hummel

I love the idea of creating a sense of community at our clinic and my goal for 2021 is getting more patient involvement in and out of the clinic. Therefore, I will be slowly implementing fun events for patients, friends and family.

Patient of the Month

Each month, the staff will pick a patient that has demonstrated tremendous progress since beginning care and will help share their wellness journey. If you are picked as a candidate, you will be gifted a 60 minute massage to use at our clinic. Your story will be shared on the "Patient of The Month" board in our office and if we get the okay to post on social media, we would love to share with the community!

The Jar of Awesome

Trillium wants to support every day wins our patients are experiencing in life. No matter how big or small, let's help you celebrate it! Please take a moment to write down your small win you had today or this week. You will place your "win" into the glass bowl at the front desk. At the end of the month, we will pick our favorite small win and that patient will be gifted a 60 minute massage!
