*A "TRUE" Fate Love Story*

## meet Dr. Dani & Dr. Lacey Qureshi The Spa at Arya Place Owners

Despite common belief, the best love stories don't always come from a movie or book. Sometimes, they involve everyday people whose romances can seem downright unbelievable. This incredible tale is from our very own business partners, Dr. Dani and Dr. Lacey Qureshi, owners of The Spa Arya Place.

Dani and Lacey definitely met by fate, a "TRUE" Fate Love story!

Is it fate? Destiny? Either way, you never know when you will meet the person who will change your life – your significant other!

Dr. Dani was born in Karachi, Pakistan. At 5 years old, his parents immigrated to New York City in search of a better

life. His parents believed in "The American Dream." His father started as a cab driver, is now in the hospitality industry and is the owner of a large limousine business. Dani's father paved the way for future generations by making his family's dream of prosperity and success come true. Dr. Dani has strong family values and seeks opportunity at every turn.

Dr. Lacey was raised on a 365-acre farm – a rural area in Ford City, PA. At a young age, she was given responsibilities and taught work ethic that was necessary to fulfill her roles on the farm and in the family. At times, her family didn't have much, and she remembers dreaming of something greater. Her parents instilled huge aspirations in her, which

inspired her to "DREAM BIG." She is forever grateful for the way she grew up; as it gave her the drive and determination to fulfill dreams bigger than most people dare to dream.

Where the "FATE LOVE" story starts is both Dr. Dani and Dr. Lacey had health-related issues (Dr. Dani was in a terrible car accident, and Dr. Lacey experienced eating/food tolerance challenges), which prompted them to see a chiropractor for healing care. In both cases, they were healed and their real-life experiences ignited a passionate fire to become chiropractors.

Dr. Dani and Dr. Lacey met in January 2010 at New York Chiropractic College by what they believe was divine destiny. Despite cultural differences,

Lacey and Dani knew their meeting and love was fate. They came from opposite ends of the world but shared a common mission and vision, both in family and career. On May 8, 2017, they welcomed their greatest blessing, their first son, Jami, to the world. Currently, they own two businesses in Buffalo, NY – Disc Doctor and Chiro One Wellness, and The Spa at Arya Place in Simpsonville, SC.

In September 2017, their two-year vision evolved and became a reality. The Spa at Arya Place, now open, is a dream come true!

Locally and family-owned, Arya Place is an Integrative Wellness Center & Healing Spa, which offers many alternative healing therapies. It's a

place where you can connect the MIND, BODY and SOUL.
