

# MEGA SPOREBIOTIC™

Probiotic and Antioxidant Combination\*\*

**MegaSporeBiotic™** is the first 100% spore-based, broad-spectrum probiotic clinically shown to improve leaky gut in just 30 days. Spore-based probiotics are much more effective than conventional probiotics on the market because they are designed to survive through the harsh gastric system, colonize, and increase microbial diversity in the gut. Because these spores are so multi-functional, they can support a variety of functions in the body. This unique all-spore formula effectively reconditions the gut by increasing microbial diversity and encouraging the growth of key health-promoting, commensal gut bacteria. MegaSporeBiotic™ boasts a 5-year shelf-life, does not require refrigeration, and maintains efficacy during antibiotic therapy.\*\*

## Designed by Nature

Bacillus spores are naturally designed to survive digestion. The reason for their inherent survivability comes from their bi-phasic life cycle. This means that the Bacillus spores can transition interchangeably from their dormant form to their active form, depending on the environment. In its dormant spore form, Bacillus will surround itself with an endospore, which is a tough, natural outer shell that protects it from light, heat, pressure, acid, lack of oxygen, and other environmental factors. This key feature is what allows MegaSporeBiotic™ to survive easily through digestion without the need for enteric-coated capsules or refrigeration. Once it reaches the intestines, **MegaSporeBiotic™ can increase microbial diversity by changing the pH, crowding out unwanted pathogens, and increasing the production of short-chain fatty acids.** Due to its inherent survivability and lasting health benefits, MegaSporeBiotic™ has become a revolutionary tool in Total Gut Restoration.

## SUPPLEMENT FACTS

Serving Size: 2 Capsules  
Servings Per Container: 30

Amount Per Serving	% Daily Value
Proprietary Probiotic Blend	340 mg † 4 Billion CFU
<i>Bacillus indicus</i> , HU36™	†
<i>Bacillus subtilis</i> , HU58™	†
<i>Bacillus coagulans</i> (SC-208)	†
<i>Bacillus licheniformis</i> (SL-307)	†
<i>Bacillus clausii</i> (SC-109)	†

† Daily values not established.

**OTHER INGREDIENTS:** Cellulose, vegetable capsule (cellulose and water).

## DOSING

Adults and children over 5 years of age: Start with 1/2 or 1 full capsule with a meal and slowly increase using the following protocol:

**Week 1: Take 1 capsule every other day**  
**Week 2: Take 1 capsule daily**  
**Week 3+: Take 2 capsules daily**

Children under 5 years of age, please consult with your healthcare practitioner.
