WELCOME TO K&R DENTAL

At K&R Dental, we truly care about you and your smile! Myself and my friendly, experienced team offer general dentistry, cosmetic dentistry and orthodontic treatment to help patients in our community and in Albury improve or maintain their oral health. In our warm, compassionate environment, even those who haven't enjoyed their dental visits in the past will feel comfortable and know they're in great hands.

K&R Dental is a family dental practice and we look forward to caring for you soon.

ABOUT K&R DENTAL

ABOUT US

K&R Dental has been a part of the Lavington community for more than 40 years. **Dentist Dr Jai Rawal** carries on a tradition of excellent dental care for your entire family. All ages from our community and Albury are welcome at our practice, including children, who we love to see and educate about the importance of good oral hygiene.

A WARM, WELCOMING ATMOSPHERE

We offer general dentistry, cosmetic dentistry and orthodontics to help your smile stay healthy and bright. With a **broad range of services** offered, we cater to your every dental need.

Our staff is dedicated to ensuring that you have a positive experience at every visit with us. Each member of our team has been with us for years and enjoys getting to know each patient, forming relationships with them and caring about each individual that we see.

K&R DENTAL SERVICES

The team at K&R Dental is experienced in providing a broad spectrum of dental services for your entire family. From children to adults, we can cover everyone's needs. Please read below to find out about the many solutions we offer.

- General dentistry
- Children's dentistry
- Cosmetic Dentistry
 - Veneers
 - Teeth Whitening
 - Dental implants
 - Crowns and bridges
- Orthodontics (Teeth Straightening)

CHILDREN'S DENTISTRY

The team at K&R Dental treats patients of all ages, including the youngest members of your family. We provide a friendly, comfortable and fun experience for kids starting from around age 2, which is when we recommend they have their first checkup.

ESTABLISHING HEALTHY HABITS YOUNG

What your child's smile will look like as an adult depends on the habits that they adopt in childhood. Our team focuses on oral hygiene education and preventative techniques to make sure that their teeth stay strong and healthy.

OUR FRIENDLY & DEDICATED TEAM

Dr Jai Rawal is assisted by a friendly and dedicated team:

Alison

DENTAL RECEPTIONIST

Teakela Boulton

DENTAL ASSISTANT

NEW AND NERVOUS PATIENTS

NEW PATIENTS

Welcome to K&R Dental! **Our friendly staff** are ready to welcome you and your family. You can relax in our reception area while you watch television or browse our magazine selection before you're seen promptly at your appointment time. If your child is with you, they can enjoy their own dedicated play area to stay busy.

PREPARING FOR YOUR VISIT

Please bring the following with you:

- Any relevant Medical History
- A list of current medications you take
- Your health fund information

YOUR FIRST CONSULTATION

We ask that you arrive five minutes before your appointment time to complete paperwork. Then you will have your consultation with the dentist. Typically first visits include X-rays and cleaning of teeth if required. If further treatment is needed, we'll discuss your options with you. In total, this visit takes 30-45 minutes.

FEELING NERVOUS?

With our team, you don't have to worry about your experience. We've all been in the dental industry for years and understand how to make you feel comfortable. You'll find that our dentist, **Dr Jai Rawal**, is cordial and keeps your appointments fun. If needed, we have happy gas (nitrous oxide) available for you to use.

DENTAL HEALTH CHECK

At each dental health examination we will complete a 'Dental Health Check'. First we will check the following:

1. Medical Health Check
2. Social Health Check
3. Risks related to dental health
4. Problems reported and checked
5. Jaw joint, head and neck check
6. Inside of the mouth check
7. Health of teeth
8. Health and stability of restorations
9. Health of tooth surface
10. Health of gums

We will then offer some advice on how you can maintain or improve your dental health.

Everyone deserves to show off a smile that's healthy for life. The team at K&R Dental offers a range of general dentistry services to help you do just that. With our many options, you can be sure that any potential problems will be identified at your checkups and promptly addressed to prevent costlier and more complex treatment from being necessary in the future.
