Potent C Guard™ Powder

L-ASCORBATE FULLY REDUCED,
FULLY BUFFERED
OVER 300 PEER-REVIEWED STUDIES

WHY PERQUE POTENT C GUARD POWDER IS BETTER

When evaluating vitamin C, choose the supplement with the most health-promoting impact. **PERQUE Potent C Guard** Powder is the most powerful form of vitamin C on the market today.*

The scientific literature has confirmed vitamin C's key role in:

1. Immune system function
2. Collagen repair and formation
3. Joint function
4. Energy production
5. Antioxidant protection and function
6. Detoxification, and more

PERQUE POTENT C GUARD POWDER enhances hormone production and function as needed, and helps the body to adapt better. In addition, it is important to take the amount of ascorbate needed to keep an adequate supply in the cells. This varies based on levels of distress, toxins, acute and delayed allergy reactions, and cell buffering/alkaline reserve. Optimum ascorbate use is based on calibration of need (see ascorbate calibration instructions) or as directed by your health professional.**

PERQUE POTENT C GUARD POWDER IS YOUR ONLY CHOICE

PERQUE Potent C Guard Powder is a pH-balanced, vegetarian, allergen-free, and completely buffered mineral ascorbate. It uses 100% L-ascorbate, fully reduced, corn free, which works harder, more quickly and more persistently in the body.*

PERQUE Potent C Guard prevents free radicals from harming the ascorbate. Also, the cofactors, metabolites, and transporters in **PERQUE Potent C Guard** powerfully enhance absorption and tissue action. In addition, **PERQUE Potent C Guard** is free of the side effects associated with other vitamin C supplements.*

PERQUE Potent C Guard Powder contains a balance of essential minerals: calcium, magnesium, potassium, and zinc. Most Americans are deficient in one or more of these key minerals, due to stress, ill health, food processing, toxins, and other factors.*

PERQUE Potent C Guard Powder tastes better than other vitamin C powders, so you are more likely to stick with it. When mixed with water or juice, it produces a tasty, slightly effervescent drink.*

Inflammation & Detoxification

PURITY, PURITY, PURITY

PERQUE Potent C Guard Powder is produced with an exclusive, triple recrystallization process. This innovative technique creates a product with unprecedented purity and bioactivity.*

ASCORBATE AND BLOOD PRESSURE

PERQUE Potent C Guard Powder is your safer, more effective choice. Obesity, alcohol consumption, physical inactivity, and a high-fat/ protein/sugar diet can induce high blood pressure, in part through insulin resistance (Syndrome X). The greatest benefit comes from full tissue saturation of fully reduced and fully buffered ascorbate.*

Ascorbate:

- Protects delicate endothelial cells that line blood vessels from free radical and toxin damage.
- Increases nitrous oxide (nature's small vessel relaxation molecule) thus lowering blood pressure via enhanced biopterin action.
- Induces the production of collagen.*

GET THE LEAD OUT

PERQUE Potent C Guard Powder is effective at lowering the body's burden of toxic minerals such as lead, mercury, cadmium, arsenic, and nickel. This action occurs both by decreasing uptake of toxic minerals from the intestine and by increasing renal and stool excretion of toxic minerals.*
