Dear Friends,

As the holiday season draws near, what greater gift can we offer our patients than the opportunity to share health with friends and family? To a person in pain or who suffers with health problems, there is nothing they want more than to be free from their ailment. We are, therefore, devoting our time this holiday season to serve your family and friends.

Enclosed you will find a letter with a gift certificate good for \$260, which covers the entire cost of the initial consultation, examination, and necessary x-rays for new patients to our office. We are sure there are people you know who would appreciate the opportunity to make this step towards better health. In fact, simply text, email or print this gift certificate and give to someone you care about.

Wishing you a Healthy and Happy Holiday Season,

A handwritten signature in black ink, appearing to read "Brandon Wood, D.C.", written in a cursive style.

Brandon Wood, D.C.

P.S. If you have not been in the office in more than nine months, please use one of the certificates for yourself!  
Expires January 31st

Dear Friend,

Thanks to the concern of the person who gave you this gift, our office is pleased to offer the opportunity to receive a complete chiropractic consultation, examination and necessary x-rays. This evaluation would allow you to know how your body is coping with the physical, chemical and emotional stress of life. Our tests would include consultation as well as physical, orthopedic, neurological, and chiropractic tests.

We make this offer available during the holiday seasons as a way to extend the gift of health to friends and families of our patients. At the conclusion of your examination, we will personally discuss with you the various options available to either restore or expand your health. Please note that this opportunity expires on the date set on the certificate. To make an appointment, please call now and let our receptionist know that payment will be made with a gift certificate.

Wishing you a Healthy & Happy Holiday Season,

Dr. Wood & Staff
