<b>Fees are due when services are rendered.</b> Interest calculated at 2.0% per month.	

Unfortunately, we cannot extend credit to our patients. There are several options available to pay your account. You may choose to pay your account at the start of each week or at the end of each visit. Or you may prefer to establish an advance payment at the beginning of your care to save money and time at the front desk. Cash, cheque, Interact, and Visa are accepted.

Please notify us if you are unable to make your scheduled appointment time to enable us to schedule someone else in your reserved time, and to reschedule your missed appointment.

The initial adjustment releases a tremendous amount of tension; therefore, you may experience some different sensations. If you are not sure of what you are feeling when you get home, please call the office.

Dr. D.H. Mizel: (905) 934-7776

## **TREATMENT PROCEDURES**

When you arrive, sign in. You will be given your travel card to bring to the appropriate room. Put your travel card in the pocket of the door. Place a sheet of face paper on the table and lay face down, or in any comfortable position. Rest and relax while waiting for the doctor. When your treatment is finished, please throw your face paper away and bring your travel card back to the front desk. Please confirm your next appointment before you leave the Clinic.

## **RE-EXAMINATIONS AND PATIENT STATUS UPDATES**

The progress you make in your course of treatment here at the Clinic is measured in two ways:

1. How you feel you are doing.
2. The findings from your exams and re-exams.

The Doctor manages your case from the latter. Your progress is measured and your treatment course is determined by analysis of these findings.

## **DISCONTINUING CARE**

We ask that you do not dismiss yourself from treatment. If you plan to discontinue care, please notify us of your intentions.

## **REFERRALS**

We welcome your referrals.
