

Envive Chiropractic is looking for a **dedicated difference maker** seeking the opportunity to work in a **fast-paced, team environment.**

Our mission is to create unforgettable experiences. We know that our business doesn't grow until our people grow. You can expect to be challenged, encouraged, and developed. You will serve in various critical front-line roles in providing a world-class customer experience and exceptional patient care.

We Look for Three Characteristics in Our Team Members:

- 1 Humble**
Nobody likes a know-it-all. We look for people who possess genuine humility. Those who look to serve a purpose greater than themselves.
- 2 Hungry**
Our team members love to work hard. They are causally motivated and want to produce results. They seek to grow personally and professionally.
- 3 Smart**
"Smart" to us means street smarts. EQ > IQ. We want people who understand people. People with the ability to adapt, roll with the punches, and work to find the right solution.

Our Values:

Compassionate Samurai

Compassion means "to suffer with" and a samurai is a warrior. We value the ability to empathetically guide our patients and fight for them along the way.

Innovative Mindset

Embrace and drive change. We are constantly learning, growing, and creating. We want to hear your ideas.

Deliver Happiness

Be the best version of yourself every single day. Leave every patient with a smile. Have fun and enjoy life.
