Our Fee Structure

Consultation	Complimentary
Examination	$ 100.00
Infant Exam	$ 40.00
Adjustment	$ 60.00

Please Note: If you and the provider decide this is the place for you to be, then you will receive an adjustment on your first visit which will be an additional fee. Your clinical Report of Findings, the time that the provider will spend with you to go over your results, will be included with your examination. You will receive an adjustment after your Report of Findings that will be a separate fee.

Insurance and Payment Policy

We are committed to providing you with the best possible care. If you have Chiropractic coverage in your insurance policy, we are willing to help you receive your maximum allowable benefits. In order to achieve this goal, we need your assistance and understanding of our payment policy.

Payment Policy:

1. Full payment is due at time of service. We accept cash, checks, Visa, MasterCard and Discover.
2. We must emphasize that our relationship is with you and not your insurance company. Your insurance policy is a contract between you, your employer, and the insurance company. We are not a party to that contract and therefore do not file your insurance for you. As a courtesy that we extend to our patients, we will provide you with a completed insurance form that you are responsible for filing, which simply means placing it in an envelope and mailing it.
3. Not all services are a covered benefit in all contracts. It will depend on your individual policy.
4. In some cases, once you have met your deductible your insurance company will begin to reimburse you up to an allowed amount. If you have a question about your specific policy and coverage, please call the toll free number on the back of your insurance card and they should be able to answer your questions regarding your policy.
5. Medicare patients are responsible for payment at the time of service because Medicare does not cover services in this office. We will not file claims to Medicare. Medicare patients will sign an Advanced Beneficiary Notice of Noncoverage stating that they understand this and they would still like to receive services.
6. In the case of a Personal Injury accident (car accident or accident at work), our policy stays the same. Payment will still be required upon time of service. All services received will be at our full price for the duration of the Personal Injury case. You must inform us BEFORE you are seen by an adjuster if you have been involved in an accident after you have started care.

There is no fee for consulting with the providers. Fees begin when a problem related to structural misalignment is found and you decide to begin receiving care.

_____***I fully understand the above fees and give my consent to consult with the provider and to any BioStructural examination that the provider deems necessary. I understand that any fee for service is due at the time of service and cannot be deferred to a later date.***
