

SP COMPLETE SUPPLEMENT SHAKE RECIPES

The SP Complete shake is a great way for people to compliment their diets with a well-balanced, nutritious supplement. The shake is quick to make and you can make enough to save some in the refrigerator for later in the day. The SP Complete shake is a fundamental component of the Liver Purification Program. Acquiring a selection of recipes that you enjoy will make the transition into the liver purification process that much easier.

Most patients prefer very cold shakes. This can be done by using frozen/semi-frozen fruit and/or ice and water. The more ice, the slushier they become. The more water, the more of a drink/shake they become. Using Stevia as a sugar or honey replacement is a great way of sweetening the shake without affecting your glycemic index. What matters is that you enjoy them enough to consistently have them and the shakes make for a wonderful meal replacement and/or snack. Use your imagination...the receipt varieties are endless. Enjoy!

Strawberry Shake

2 rounded Tbsp. of SP Complete
8 oz. cold water
1-1 ½ cups of strawberries (semi-frozen)
Several drops or a pinch of Stevia to enhance/sweeten flavor
1 Tbsp. flaxseed oil or Complete Hi-Potency Omega 3 oil (if requested by doctor)
