I consent to a professional and complete chiropractic examination and to any radiographic examination that the doctor deems necessary. I know that if x-rays are taken, they are the property of the office. At my request, the x-rays can be loaned out to any health care provider for 30 days. I understand that any fee for service rendered is due at the time of service.

CHIROPRACTIC INFORMED CONSENT TO TREAT

I hereby request and consent to the performance of chiropractic procedures, including diagnostic x-rays (if needed), and any supportive therapies on me (or on the patient names below, for whom I am legally responsible) by the doctor of chiropractic indicated below and/or other licensed doctors of chiropractic and support staff who now or in the future treat me while employed by, working or associated with or serving as back-up for the doctor of chiropractic named below, including those working at the clinic or office listed below or any other office or clinic, whether signatories to this form or not.

I have had an opportunity to discuss with the doctor of chiropractic named below and/or with other office or clinic personnel the nature and purpose of chiropractic adjustments and procedures.

I understand and I am informed that, as is with all Healthcare treatments, results are not guaranteed and there is no promise to cure. I further understand and I am informed that, as is with all Healthcare treatments, in the practice of chiropractic there are some risks to treatment, including, but not limited to, muscle spasms for short periods of time, aggravating and/or temporary increase in symptoms, lack in improvement of symptoms, fractures and sprains. I do not expect the doctor to be able to anticipate and explain all risks and complications, and I wish to rely on the doctor to exercise judgment during the course of the procedure which the doctor feels at the time, based upon the facts them known, is in my best interests.

I further understand that Chiropractic adjustments and supportive treatment is designed to reduce and/or correct subluxations allowing the body to return to improved health. It can also alleviate certain symptoms through a conservative approach with hopes to avoid more invasive procedures. However, like all other health modalities, results are not guaranteed and there is no promise to cure. Accordingly, I understand that all payment(s) for treatment(s) are final and no refunds will be issued. However, prorated fees for unused, prepaid treatments will be refunded if you wish to cancel the treatment.

I further understand that there are treatment options available for my condition other than chiropractic procedures. I understand and have been informed that I have the right to a second opinion and secure other opinions if I have concerns as to the nature of my symptoms and treatment options.

I have read, or have had read to me, the above consent. I have also had an opportunity to ask questions about its content, and by signing below I agree to the above-named procedures. I intend this consent to cover the entire course of treatment from my present condition and for any future condition(s) for which I seek treatment.
